*Premier Compliance Services, Inc.*  
*GMP Experts for the Healthcare Industry*

**The Reason PremierC Exists:**

Premier Compliance Services, Inc. (PremierC) has been founded based on the premise that small Biopharmaceutical companies have needs for low cost high-caliber consultants who understand the day-to-day challenges they are facing. PremierC is a consortium of highly experienced technical consultants in the GMP compliance, Risk Assessment, QA Systems, and Regulatory Affairs arenas supported by young and competent engineers and technologist who assist them in delivering the projects on budget and on time. This approach results in delivery of high quality projects at the most economical price.
